

**State of California**  
**Department of Fish and Game**  
**Application for 5-Year Renewal of Private Lands Wildlife**  
**Habitat Enhancement and Management Area License**

**License Period 20\_\_ - 20\_\_**

Name of PLM Property\_\_\_\_\_

Applicant's Name\_\_\_\_\_Telephone(\_\_\_\_)\_\_\_\_\_

Mailing Address\_\_\_\_\_

Street Address\_\_\_\_\_

County(ies) of Management Area\_\_\_\_\_Size of Area (acres)\_\_\_\_\_

**Application must be accompanied by:**

**1. Three (3) copies of a management plan which must contain, but is not limited to:**

- a. A legal description and four (4) original USGS quadrangle maps (or equivalent maps) showing the area's boundaries, access roads, and any public lands within and/or adjacent to the Private Wildlife Management Area (submit these maps only if the legal description is different from the initial plan);
- b. An estimate of the wildlife and habitats present within the Private Wildlife Management Area, including an indication of animal distribution and habitat condition based on the California Wildlife Habitat Relationships Database System;
- c. A statement of management objectives;
- d. A detailed description of proposed management actions that are intended to achieve the management objectives;
- e. The county General Plan land use designation for the Private Wildlife Management Area;
- f. A check in the appropriate amount (see following page).

**2. An annual report which must contain, but is not limited to:**

- a. A summary of habitat enhancement and management activities completed during the preceding year, including an evaluation of habitat enhancement projects, wildlife population levels and hunter use;
- b. Number and species of wildlife harvested;
- c. Recommended changes in the general management plan;
- d. A description of proposed management actions during the new permit year, including proposed wildlife habitat enhancement and management activities and harvest levels.

*I certify that all habitat improvements specified in my/our management plan have been completed, and I understand that failure to complete agreed upon activities may result in reduced authorized harvest and/or removal from the program.*

**Note:** All applicants/owners must sign below. If more space is needed please use reverse for signature area. If the applicant is not the owner/fee title holder of the property, a signature is also required below by **all** owners/fee title holders of the property. By signing this license the owners/fee title holders agree to allow the applicant to fulfill the terms and conditions of the license, and certifies that all habitat work will be completed as agreed.

_____ Signature of Applicant	_____ Title (owner, manager, etc.)	_____ Date

##### **Northern Region**

601 Locust Street  
Redding, CA 96001

(A) \$1,530.50	less than 5,000 acres
(B) \$2,204.25	5,001 to 10,000 acres
(C) \$2,571.50	10,001 to 15,000 acres
(D) \$2,938.75	greater than 15,001 acres

##### **North Central Region**

1701 Nimbus Road  
Rancho Cordova, CA 95670

##### **Bay Delta Region**

7329 Silverado Trail  
Napa, CA 94558

##### **Central Region**

1234 East Shaw Avenue  
Fresno, CA 93710

##### **South Coast Region**

4949 Viewridge Avenue  
San Diego, CA 92123

##### **Inland Deserts Region**

3602 Inland Empire Blvd., Suite C-220  
Ontario, CA 91764

#### **Additional species specific requirements:**

**Deer** - If either-sex tags are used, a maximum allowable number of forked-horn-or-better bucks to be harvested must be identified. No deer hunting past November 30 unless special circumstances exist. No deer hunting past December 31.

**Elk** - Licensees requesting significant tag quota changes must do so prior to December 1 so the Department can adequately evaluate and disclose the effects of significant changes in the appropriate environmental document. Elk harvest may be permitted in the second license year providing the initial license was approved prior to September 1 of the first year. Any break in licensing for one year or more will require an initial license application with initial season restrictions.

**Antelope** - Existing PLM's that have not identified antelope as a managed species in the management plan, but now request to hunt antelope, must first amend their management plan and must wait one year before antelope hunting will be allowed. The number and type of antelope tags issued may not be determined until after the summer antelope census is completed (usually in mid-July). Applicants may request specific numbers and/or types of tags but there is no guarantee that what they request will be issued. Total tags allocated to PLM's within the established public antelope hunting zones will not exceed ten (10) percent of the total tags issued for public antelope zones. In order to meet management objectives, doe harvest on PLM's shall be determined independently from the doe harvest for public antelope zones. No person may kill more than one buck antelope per year.

**Upland Game** - During the initial license year, upland game seasons shall correspond to general public seasons for the appropriate species. Variations in length and/or timing of the PLM upland game season(s) may be allowed starting the second continuous year of participation in the program. Any break in licensing for one year or more will require an initial license application with initial season restrictions. Bag limits for upland game species shall be consistent with bag limits imposed on public hunters during general seasons.

**Waterfowl** - Waterfowl season lengths and bag limits are established in conformance to Federal Regulations. The Fish and Game Commission has no authority to modify waterfowl season lengths and bag limits; PLM's proposing to harvest waterfowl must do so within Federal regulations.
